## WORK EXPERIENCE CONTINUED

### UX/UI Designer Lead

Euclidean Pty Ltd | Oct 2020 – Mar 2024

- Led multiple projects to significantly enhance user engagement, increasing user session times from 20 minutes to 1.5 hours.
- Implemented innovative design strategies and tools, doubling license sales and improving product quality.
- Created and standardized a comprehensive design system, enhancing UI consistency across all products and platforms.
- Designed and delivered dashboards and multi-use case systems for various industries, solving complex back-end data management and front-end user interface challenges across simultaneous projects.
- Played a key role in high-profile projects for clients like Microsoft, US Navy, and Lockheed Martin, contributing to significant contracts and development initiatives.
- Transitioned from UX Designer to Team Leader, managing 3D visualization products, cloud-based services, and VR/AR applications.
- Enhanced the user experience for 'udStream' and 'udCloud', aligning with SaaS best practices to boost user satisfaction.
- Collaborated with cross-functional teams to align design objectives with business goals.
- Streamlined team processes, fostering an environment of continuous improvement and efficiency.

### Student Academic Mentor

University of Canberra | Feb 2018 – Jul 2018

- Mentored over 30 students, improving their academic performance.
- Received positive feedback from students and faculty.
- Provided academic mentoring in design and game development.
- Guided students on academic writing and daily academic challenges.
